Re: Removal of Refuse Material as Road Base, Sunnyside Cogeneration Assoc., Sunnyside Refuse/ Slurry, ACT/007/035-99A, File #2, Carbon County, Utah

Dear Mr. Netz:

Your proposal to delete the use of reject or refuse material as road base can be approved upon receipt of three clean copies of the amended text, (chapter nine pages 900-10 and 900-11). The concept of storing the material in temporary storage areas or in the excess spoil disposal area is a better approach to meeting the intent of the applicable coal rules. When the clean copies are received you will be mailed a stamped approved incorporated copy for insertion in your mining and reclamation plan.

Please call if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Joseph C. Helfrich'.

Joseph C. Helfrich
Permit Supervisor
